UNITED NATIONS HEADQUARTERS, Jan. 4.—Hopelessly trapped in a narrow salient six miles north of Buna, Japan's last remaining garrison in the Papua territory of New Guinea faced annihilation today by General Douglas MacArthur's jungle troops.

"The only remaining remnants of the Japanese Papuan army is confined to a narrow salient extending from Sanananda, which we are preparing to envelop," MacArthur said today in his communique. "The enemy's situation is now hopeless," he declared.

Japs Suffer Heavy Losses

The Jap forces in the Buna area suffered heavy losses as American and Australian troops yesterday drove through the enemy's right flank to break the back of Jap resistance and, for the first time in the history of the southwest Pacific war, squads of Jap troops surrendered to the advancing Allies.

A headquarters spokesman revealed that at least 650 Japanese had been killed Saturday when the Americans and Australians converged on Buna Mission and took the government station.

PA NEW OBSERVES

There are some youngsters in various parts of the city who are courting trouble. They have developed a practice of making buses a target for snowballs while passing through their districts.

With the holiday week concluded most of the Christmas trees and other holiday decorations have been removed from the homes. Trees and decorations were much fewer than in ordinary years during the past holiday season, as a result of war conditions.

Autoists who didn't have to be out last night, stayed at home. With rain and freezing temperatures, travel was anything but easy.

While it is only at the actual outset of winter according to the calendar, conditions for the past five or six weeks have given local folks quite a spell of winter weather of every description, some of it severe.

Although no records were broken at the Jameson Memorial hospital for births last month, the stark was extremely busy. 92 babies being born at that institution during December. In November, an all-time record was established when 108 babies were born there.

Ruhr Valley Again Raided By Bombers

By WILLIAM WADE
(U. N. S. Staff Correspondent)

LONDON, Jan. 4.—Heavy British bombers during the night carried out an attack against industrial objectives in the Ruhr Valley of Germany, the air ministry announced today.

The Royal Air Force bombardment was unleashed only a few hours after

United States Flying Fortress and Liberator bombers blasted the Nazi submarine base at St. Nazaire, France. Three British bombers were reported missing from the Ruhr operation.

In a broadcast by the Berlin radio the Germans stated that "residential quarters of a town in the Ruhr area" were damaged. They claimed some British bombers were shot down but gave no figure.

WASHINGTON, Jan. 4.—The cold black and white of naval records today told the stirring story of how a lone American battleship helped crush powerful Japanese sea and air forces attempting to recapture the southeastern Solomons, by shooting down 32 enemy planes and then sinking four warships.

The unnamed battleship, which blasted Jap invasion forces late in October and mid-November in the fiercest battles of the war was commanded by Capt. Thomas L. Gatch, 51, of Annapolis, Md.

Three Of Nazi Troop Carrying Planes Shot Down

(International News Service)

ALLIED HEADQUARTERS, In North Africa, Jan. 4.—Lockheed Lightning fighters destroyed three of Germany's powerful troop-carrying junks in an air duel near Tunis on New Year's Day.

The Lightning, an official report disclosed today were escorting medium B-26 bombers in a raid on the Tunisian port, when they encountered the troop-laden junks carrying reinforcements to Nazi Lt. General Walter Nehring's troops before Tunis.

Mal. Raymond F. Udell of Bucknell, N. Y., and Lieut. William R. Morehouse of Ausable Forks, N. Y., shared jointly on shooting down one of the big planes, while the other two were bagged by Lieuts. Robert R. Sauer of Peoria, Ill., and Mel-drum O. Sears of Hindsboro, Ill.

Start Aircraft Warning Posts

Most Of Lawrence County Posts Are Activated On Sunday Evening

WILL MAINTAIN CONTINUOUS DUTY

With one exception, all aircraft warning posts in Lawrence county were activated at 8 o'clock Sunday evening, and are now on 24-hour continuous duty, which they will probably maintain until the end of the war, Chief of Aircraft Warning Service for Lawrence County, Fred M. Alexander stated today.

One post near Edenburg, situated atop a high hill was not activated Sunday evening, due to impassable road conditions, but will start probably today, Mr. Alexander stated.

The honor of calling the filter center and activating East Brook post was given Mrs. T. C. Rickard, of the East Brook road, who with her husband, had the first watch after the posts were activated. Mr. and Mrs. Rickard have three sons in the service, and another who expects to leave soon. In spite of having given this much to the war effort, they are also giving their time to this valuable war service. This is typical of those engaged in this service.

With the posts in active service, it is expected that additional spotters will be needed at all posts, due to changes in personnel which have resulted since the posts went off duty late last summer.

With the Western Pennsylvania area regarded as one of the most vital areas where war materials are produced, it was deemed advisable by army officials to resume aircraft spotting service, and anyone who can give two hours a week of their time, is asked to contact Chairman Alexander, or the heads of the posts in their community.

Oregon Flood Is Subsiding

(International News Service)

PORTLAND, Ore., Jan. 4.—After claiming three more lives during the week-end, the swollen waters of the Willamette river subsided below crest today, pouring sullenly past Portland to the sea with a multimillion-dollar harvest of wreckage.

Latest victims of the flood were State Patrolmen, Archie Cook and Mike Maurer who were thrown into tree wreckage of a dance hall which had lodged against the Marion-Polk county bridge. Previously John Haffner, a farmer, was drowned when his rowboat overturned near Corvallis. None of the bodies was recovered.

Their deaths brought to nine the flood's toll in the past week, while damage, estimated Saturday at \$5,000,000, was expected to reach a much higher figure with the added havoc wrought during the past two days.

JAPS ATTEMPTING TO GET TO GUADALCANAL

Nearly 20,000 Nipponese Troops Are Trapped By American Forces

By JACK VINCENT
(U. N. S. Staff Correspondent)

WASHINGTON, Jan. 4.—The navy reported today that lightning fast U. S. motor torpedo boats had probably damaged three of eight Japanese destroyers apparently attempting to land supplies and reinforcement on Guadalcanal Island, where American forces have trapped nearly 20,000 Nipponese troops.

The navy also announced in a communique that enemy aircraft bombed the "PT" boats but inflicted only slight damage. This was the first time, with the exception of flights of line planes, that any Japanese aircraft had been reported over Guadalcanal.

Attack Jap Destroyers

According to the navy, the motor torpedo boats attacked eight Japanese destroyers in isolated engagements off the northwestern end of Guadalcanal, which is about 20 miles north of American-held Henderson airfield on the strategic island.

"The attacks resulted in one torpedo hit on one of the destroyers and three possible hits on two others," the navy said.

The communique did not reveal, however, whether the Japs succeeded in running the American air blockade over Guadalcanal to succeed in landing new troops or supplies (Continued On Page Two)

French Troops Force Axis Units Into Withdrawal

(International News Service)

LONDON, Jan. 4.—While Allied air forces continued to inflict damaging blows against the Axis in Tunisia, smashing enemy ports into uselessness, dispatches from North Africa reported today that French troops had forced a withdrawal by Axis units on the southern battle-front after repulsing an attack.

The Nazi-operated Paris radio meantime asserted that information received by Germany indicates an imminent offensive by Lieut. Gen. Kenneth A. N. Anderson's British first army against the coast road linking Tunisia with Libya to the east.

A communique from French headquarters in North Africa told of an Axis attack in force southeast of Point Du Fahs, 30 miles southeast of Tunis, which was repulsed after fierce fighting.

"Counter-attacks compelled the enemy to retreat toward Kairouan," the communique added.

Both American aircraft and anti-tank forces supported the French infantry in these operations.

Bing Crosby's Home Destroyed By Fire

(International News Service)

HOLLYWOOD, Cal., Jan. 4.—The luxurious 20-room home of Bing Crosby, radio and motion picture star, was in ruins today following a fire which was believed to have started from a short circuit.

Mrs. Crosby, the former Dixie Lee, and her four sons reportedly were taking the lights and ornaments off a Christmas tree when the short circuit was caused and the blaze started. Crosby was not at home at the time.

While servants fled to safety with Mrs. Crosby and the children, the latter in night attire, the fire ate rapidly through the two-story colonial house.

The house was valued at \$125,000 and contained an estimated \$75,000 worth of furnishings.

Conservatives To Hold More Power In New Congress

Session To Open On Wednesday Will Find Largely Revised Lineup

SOME COALITIONS APPEAR LIKELY

By ROBERT HUMPHREYS
(U. N. S. Staff Correspondent)

WASHINGTON, Jan. 4.—The 78th congress convenes Wednesday with conservatives holding the whip hand for the first time since President Roosevelt took office on a rainy March day 10 years ago and launched his epic New Deal.

As a direct result of the heavy GOP gains in the November elections, control of the house and possibly the senate too is expected to fall to a coalition-inclined group of Republicans and conservative southern Democrats whose defection from the New Deal has steadily increased in recent years.

Although no sharp lines of formal organization will define them, these Republicans and bolting Democrats are slated to coalesce in such an effective fashion that although the administration will still rule in both houses, it will be a nominal reign only.

In the lower house, the picture is clearer because there southern Democrats have already made overtures to the Republicans publicly, and also because there is a sufficiently large GOP minority to make coalescence a reality.

Division of House

The new house will divide 222 Democrats, 208 Republicans and four third party members, with one vacancy. Of the 222 Democrats, the southern states are supplying 125 and of this number it is estimated 50 to 75 are coalition-minded on a wide variety of issues.

In the senate, the GOP will seat 38 members, the Democrats 55, the Progressives 1. It is estimated that there are 12 to 18 Democratic senators who would be inclined to join the Republicans on any out-right liberal-conservative issues.

Thus, it can be seen that only a handful of Democrats need bolt the administration's ranks to give the conservatives a decisive majority of 218 in the house and of 49 in the senate.

Distinct from the liberal-conservative lines which are expected to form on such issues as labor, social (Continued On Page Two)

Crest Of Flood At Cincinnati

Sixty-One Foot Stage Is Reached—No Extensive Damage Expected

FLOOD WALL SAVES PORTSMOUTH, OHIO

(International News Service)

With the crest of the Ohio river flood expected to reach Cincinnati today, river forecasters revised their previously announced expected high from 62 to 61 feet as tributaries decreased. This would place the water at only nine feet above flood stage and no extensive damage in the Cincinnati area was expected.

The first Cincinnati death attributed directly to the flood was that of William Lanter, 73, of Cincinnati, who died of bronchial pneumonia as his family prepared to evacuate their lowland home.

Citizens of Portsmouth, a city of 40,000, meanwhile, breathed a sigh of relief as the river at that point began to recede after reaching a high point of 60.95 feet, only 1.1 feet below the top of the \$1,000,000 62-foot flood wall and 8.9 feet above flood stage.

State Legislature To Convene On Tuesday

By JOHN PAGET
(U. N. S. Staff Correspondent)

HARRISBURG, Jan. 4.—Pennsylvania's 258 legislators, meeting at the state capital tomorrow for the opening of the 135th session of the general assembly, faced the task today of composing factional differences in order to carry out their goal of adjourning within three months.

The Republicans control the house of representatives 132 to 76 and the senate 32 to 18. The assembly will convene at noon to organize, announce committee memberships and parcel out 135 jobs in the house, previously held by Democrats, and 101 in the senate. Gov. Arthur H. James is expected to make a farewell address to a joint session of both houses at 4 p. m.

Some Problems

Revision of Pennsylvania's liquor and highway laws, defense and post-war planning programs, as well as possible revision of Pennsylvania's structure to effect reductions, faced the legislators.

While the G. O. P. controlled both houses, there was a strong possibility that there would be the usual line-up of "Big City" delegations to oppose the rural bloc. Alliance (Continued On Page Two)

Bad Mixture Of Weather Occurs Over Sunday Here

Alternate Rain And Snow With Freezing And Thawing Causes Traffic Hazards

Weather conditions over Sunday were among the worst of the winter, a bad mixture being dishied out by the weather man. Alternate freezing and thawing brought rain and snow, and a light rain Sunday afternoon on top of the frozen ground, resulted in the landscape being covered with a sheet of ice. Later, the rain increased in intensity and thawed off and by late evening, driving conditions were somewhat improved.

Employees of the city and state highway departments had a hard battle to keep roads passable, and by the time they had completed their task, mother nature took a hand.

During the night, however, the temperature dropped down below the freezing point again, and this morning, the highways and sidewalks were again covered with a glare of ice.

Several persons received broken bones in falls, while numerous others are nursing bruises from the week-end's experience over the week-end.

Local streams were in spite of the rains a normal stage, the Shenango having dropped to a stage of 10.2 feet Sunday morning, and by this morning was down to 9.5 feet.

Mid-Caucasus Rail Junctions Are Next Goal In Attack By Red Troops

(U. N. S. Staff Correspondent)

MOSCOW, Jan. 4.—Surging forward in a swift campaign to reconquer the Caucasus, Red army troops today struck out in two directions from the captured rail town of Mozdok in a drive to trap Nazi armies around Nalchik to the south.

Soviet columns forged ahead both northwest and west of Mozdok, 6 miles northwest of the Grozny oil fields, in twin drives on Kotlaevskaya and Prohladnaya, important mid-Caucasus rail junctions.

"After capturing Mozdok," the Soviet high command said at noon, "Our troops continued to advance northwest and west and occupied several inhabited localities. Fighting continues."

Capture of Prohladnaya 35 miles west of Mozdok, will place the Soviets in control of the railway which branches off from the Rostov-Baku line down to Nalchik where another Soviet army is pressing northward.

Uniting French In Africa Is Problem

Some Dismay On Situation

Gen. DeGaulle Balks At Accepting Leadership Of Gen. Giraud Unconditionally

GEN. DeGAULLE'S STATEMENT WORRIES

WASHINGTON, Jan. 4.—The American government's hope of bringing about the speedy establishment of a united French anti-Axis front behind the military leadership of Gen. Henri Giraud was dwindling rapidly today.

Failure of Gen. Charles De Gaulle, fighting French chief, to accept unconditionally the leadership of Gen. Giraud has upset the American plan to achieve quick unity among the French.

U. S. Dismayed
Official Washington is frankly dismayed at the insistence of Gen. De Gaulle on purifying the political situation in French Africa as a prerequisite to his cooperation with Gen. Giraud.

The view prevails strongly in authoritative quarters in Washington that any attempt to purge the former Vichy elements in French Africa to the extent apparently desired by the fighting French might well lead to civil war there.

As secretary of state Cordell Hull has repeatedly stated, the American government feels that the French should postpone settlement of their political differences until France has been liberated and the Axis defeated.

The various French leaders in Africa, some of whom are by no means friendly toward Gen. De Gaulle, have nonetheless evidenced a willingness to cooperate with the fighting French in the allied war effort. Official Washington was hoping that Gen. DeGaulle would show a similar disposition. However, latest reports from London are dashing those hopes.

Statement Causes Difficulty

Dismay has been created in official circles in Washington by the statement of fighting French spokesmen in London that all former Vichy elements must be eliminated from the French Imperial Council in North Africa before Gen. De Gaulle will cooperate with Gen. Giraud.

The imperial council, which was formed by the late Admiral Jean Darlan and which appointed Gen. Giraud to succeed him as high com-

missioner of North Africa, is composed mainly of the governors general of Algeria, Morocco and French West Africa. These men include Gen. Auguste Nogues, who wields great influence in French North Africa, and Pierre Boisson, who placed the powerful French naval base at Dakar at the disposal of the allies.

Any attempt at this time to throw these men out would, American officials feel, be likely to lead to serious internal trouble in French Africa. Secretary Hull believes that the main objective of all Frenchmen now should be to help the American and British forces drive the Axis out of North Africa rather than to waste any time attempting to settle their own political quarrels.

CREST OF FLOOD AT CINCINNATI

however, and even a few dwellings and business places in the eastern suburbs of the city were under water.

Over 50,000 Evacuated
More than 50,000 persons along the Ohio river were estimated to have been evacuated and damage from the rampaging waters was said to have reached the staggering sum of \$3,500,000.

In the Portsmouth area, Ashland, Cateletsburg, Greenup, Fullerton, South Portsmouth, Beattyville, Vanceburg and Maysville, in Kentucky, and Rome, Manchester and Aberdeen, O., were nearby communities which felt the force of the floods. The Norfolk & Western Railway terminals in Sciotoville and New Boston were among the places flooded.

Upstream at Marietta and Middletown, families already were beginning to move back into their homes as the water began to recede sufficiently.

In the Cincinnati area, approximately 1,000 families were reported to have been evacuated by the Red Cross in Hamilton, Kenton and Campbell counties and another 1,000 left the region of their own initiative.

California, Ky., a hamlet north of Newport, was isolated but its residents were safe. The Red Cross opened 15 shelters for New Richmond, O., residents after flood waters filled their cellars, extinguishing furnace fires.

NEW CASTLE GUNNER DOWNS AXIS PLANE IN TUNISIA BATTLE

(Continued From Page One)

made Saturday during an allied raid on La Goulette, Tunisia, the harbor of Tunis and in repulsing two Axis sorties against their allied port base of Bone, Algeria, 120 miles west of Bizerte. Axis-held naval base in Tunisia.

Yanks Down Seventeen

American Flying Fortresses alone accounted for 17 of the 28 destroyed.

Docks, a power house and oil tanks were blasted in the harbor of Tunis when the Flying Fortresses, escorted by P-38 Lightning fighters, unleashed their heavy bomb loads. Two ships tied up at the docks also received direct hits.

The harbor of Sousse also was battered, its bombing scored on the docks and a military camp.

The biggest air battle of the day occurred after the Fortress squadron, led by Major J. R. Beverly of Detroit, attacked La Goulette and started back to base. Attacked by approximately 50 Axis planes, the allied airmen shot down 19 of them—the forts getting 17—without losing a single bomber.

The air over Goulette was described as highly successful, the bombers starting fires 40 miles away on oil tanks on a jetty. Two Axis merchant ships in the harbor were hit and believed sunk while bomb bursts were observed on a power-house, drydock and the loading depot.

New Castle Gunner Gets Plane

A Chinese-American Fortress gunner, Sgt. Lee Wong Gem of Chicago, the SS troops at first attempted to resist, the high command said, but withdrew hastily in the face of the Russian strength.

The Germans continued to lose heavily in manpower and equipment as Red army troops smashed forward through the Nazi defenses.

"On this sector, the communists continued, our troops continued their successful advance and occupied several inhabited localities."

Through this area southwest of Stalingrad one wing of the Russian army was pressing along the Stalingrad-Krasnodar railway from captured Kotehnikov toward the rail junction of Salsk at Salsk a line runs northward to Rostov.

By a powerful spearhead of tanks and other motorized equipment, this Red army column gravely menaced all of the German armies in the Caucasus and threatened to cut off all of the Nazi troops to the south.

Retake Localities

Tank forces broke through Nazi defenses on the Middle Don front in their southward push toward Rostov, retaking many localities in this area.

The offensive on the central front where the Soviets took Velikie Luki and are moving westward to gain control of vital rail lines stretching in many directions the Soviet smashed into several Nazi strong points. The Russians were battling in the outskirts of Novo Sokoinski, 24 miles west of Velikie Luki.

One enemy counter-attack was launched in this sector but was repulsed after 400 Nazis were slain.

The Nazi-controlled Vichy radio reported severe snow storms are raging around Velikie Luki and admitted that the Russians are throwing reserve forces into battle without interruption. The Germans still have not admitted loss of Velikie Luki but the Soviets announced that the entire Nazi garrison was annihilated.

Only local engagements were fought during the night on the Rzhev front northwest of Moscow, the high command said.

RUHR VALLEY AGAIN RAIDED BY BOMBERS

(Continued From Page One)

was reported over the east coast of England during the night. One of the Nazi raiders was said to have been shot down.

Successful Attack

The St. Nazaire assault was termed one of the most successful to date against that enemy base. The target area was plastered with heavy bombs and considerable damage was wrought.

A report from one Flying Fortress station somewhere in England said that one group of American fliers downed 24 Nazi fighter planes which rose to intercept them.

United States Army Air Force headquarters acknowledged the loss of seven bombers over St. Nazaire.

Good weather favored the American airmen who were escorted part way to the target by Allied fighter planes, the communists said. The fighters, because of their shorter range, did not accompany the bombers all the way on the 1,000-mile round-trip flight.

Bursts were seen in the target area where fires were started, the communists said.

"Many fighters attacked the bombers over the target area and a long running fight followed. A number of enemy aircraft were destroyed seven of our bombers are missing."

advancing Soviet push southwest toward the beleaguered Stalingrad. The SS troops at first attempted to resist, the high command said, but withdrew hastily in the face of the Russian strength.

The Germans continued to lose heavily in manpower and equipment as Red army troops smashed forward through the Nazi defenses.

"On this sector, the communists continued, our troops continued their successful advance and occupied several inhabited localities."

Through this area southwest of Stalingrad one wing of the Russian army was pressing along the Stalingrad-Krasnodar railway from captured Kotehnikov toward the rail junction of Salsk at Salsk a line runs northward to Rostov.

By a powerful spearhead of tanks and other motorized equipment, this Red army column gravely menaced all of the German armies in the Caucasus and threatened to cut off all of the Nazi troops to the south.

Retake Localities

Tank forces broke through Nazi defenses on the Middle Don front in their southward push toward Rostov, retaking many localities in this area.

The offensive on the central front where the Soviets took Velikie Luki and are moving westward to gain control of vital rail lines stretching in many directions the Soviet smashed into several Nazi strong points. The Russians were battling in the outskirts of Novo Sokoinski, 24 miles west of Velikie Luki.

One enemy counter-attack was launched in this sector but was repulsed after 400 Nazis were slain.

The Nazi-controlled Vichy radio reported severe snow storms are raging around Velikie Luki and admitted that the Russians are throwing reserve forces into battle without interruption. The Germans still have not admitted loss of Velikie Luki but the Soviets announced that the entire Nazi garrison was annihilated.

Only local engagements were fought during the night on the Rzhev front northwest of Moscow, the high command said.

RUHR VALLEY AGAIN RAIDED BY BOMBERS

(Continued From Page One)

was reported over the east coast of England during the night. One of the Nazi raiders was said to have been shot down.

Successful Attack

The St. Nazaire assault was termed one of the most successful to date against that enemy base. The target area was plastered with heavy bombs and considerable damage was wrought.

A report from one Flying Fortress station somewhere in England said that one group of American fliers downed 24 Nazi fighter planes which rose to intercept them.

United States Army Air Force headquarters acknowledged the loss of seven bombers over St. Nazaire.

Good weather favored the American airmen who were escorted part way to the target by Allied fighter planes, the communists said. The fighters, because of their shorter range, did not accompany the bombers all the way on the 1,000-mile round-trip flight.

Bursts were seen in the target area where fires were started, the communists said.

"Many fighters attacked the bombers over the target area and a long running fight followed. A number of enemy aircraft were destroyed seven of our bombers are missing."

The price of freedom is eternal opposition to any person or group that grabs too much power.

CONSERVATIVES TO HOLD MORE POWER IN NEW CONGRESS

reform and economy, there is another aspect to the trend to action by coalescence. This concerns international questions such as post-war treaties and planning and lend-lease.

It is generally conceded that not only is the complexion of the new congress more conservative, but definitely more isolationist as well. In both houses there is gradually being fashioned groups of members who expect to fight and block more extreme plans espoused by administration spokesmen for reorganization of the world, its politics and its economy after the war.

NAVY REPORTS THREE JAPANESE DESTROYERS HIT

(Continued From Page One)

plies. With the exception of supplies dropped by parachute on December 28, the Japanese troops on Guadalcanal Island have not received any supplies since early in November and many of the enemy soldiers are reported dying of starvation and disease.

Japs Desperate

The Japs apparently were making desperate efforts to relieve their

troops on Guadalcanal. The navy reported only yesterday that American planes had bombed a formation of enemy destroyers near Shortland Island, which is about 2500 nautical miles north of Guadalcanal. Other American planes attacked a formation of Japanese destroyers 30 miles northwest of Rendova Island in the New Georgia group, which is about 170 miles north of Henderson field on Guadalcanal. In the latter engagement, American dive bombers hit at least two destroyers.

It was presumed that the eight Jap destroyers encountered off Guadalcanal Island were part of the forces which had been bombed in the Shortland and Rendova Island areas. The Japs apparently were trying to move in supplies under the cover of darkness through use of speedy destroyers. Normally, the Japs had moved supplies to their forces on slower cargo vessels but they apparently were afraid to risk the slow merchant ships to possible American bombing attacks.

The presence of the large number of destroyers in the area indicated that the Japs were determined to try to hold Guadalcanal despite the air superiority now held by American forces.

We bought a property for \$18,000. The City Assessor came along and assessed it at \$22,500. SOME INCREASE. A little later, the County Assessor took a look, and it went up to \$36,000. STILL INCREASING IN VALUE.

It causes us to wonder just what the difference would be between the actual sale value and the Assessor's value of New Castle.

D.A.R. SERVICE WORK WIDE, REPORTS REVEAL

Lawrence chapter of the Daughters of the American Revolution met Saturday, January 2, in the home of Mrs. E. J. Blanning, East Lincoln avenue, at 2:30 p. m. During the business meeting, reports showed that the chapter has accomplished much during the past few months in connection with the war bond drive, Red Cross work, collecting of furs, and a collection of furs for the Merchant Marine.

Mrs. H. E. Golder presided in the absence of the Regent of the chapter, Mrs. W. W. Campbell.

After allegiance to the flag was pledged, the reading of the ritual was led by Miss Alma Locke.

The following reports were made during the business meeting which ensued:

Miss Jennie L. Morgan reported that two large boxes of fur to be made into wearing apparel for the Merchant Marine had been collected at Gerson's Jewelry store and packed and sent by the Strouss-Hirschberg company to Hollanders in New York City.

Miss Morgan also reported for the War Bond committee, of which Mrs. Grace Phillips Johnson is chairman, that the chapter has purchased a bond.

Miss Lillian Perry reported that a sum of money is being realized from the furs and grease collection drive, which drive is to be continued for the duration.

Urging members to report to her the number of hours which they have devoted to Red Cross work, Mrs. F. E. Sowersby, chairman of the Red Cross work committee, announced that Mrs. Francis G. Simon, having completed 303 hours in Red Cross work, is entitled to a stripe for her service.

Volunteers to sell war stamps and bonds were called for by Mrs. J. O. Woods.

A well-prepared paper on "Historic Ephrata," located east of Harrisburg in Pennsylvania, was read by Miss Ruth Sample, Miss Sample was introduced by Mrs. E. J. Blanning, chairman of the program committee.

Following, tea was served, with Mrs. H. E. Golder pouring.

Woman's Job On Home Front Now Planning For Post-War World

Editor's Note: What about the women on the home front during 1943? Women will play a major part in the drive for victory during the new year and in the following exclusive article, Mrs. John L. Whitehurst, nationally known women's leader, presents the picture of the woman behind the man behind the gun, for 1943.

By MRS. JOHN L. WHITEHURST
President, General Federation of Women's Clubs
(Distributed by International News Service)

WASHINGTON, Jan. 4.—"The woman behind the man behind the gun," in her position on the home front, becomes the planner for peace. The activity of fighting and producing munitions takes all the energy and thought of the soldiers and workers; therefore, the post-war world is left largely to the guidance of the home front.

Women in industry, the armed services, or at home, are educating themselves to the job of creating a lasting peace.

Women's clubs throughout the country are taking the responsibility seriously and are informing themselves on problems, international political and economic. Spokesmen for the American women say that the women at home as well as those in industry, are concerned about the talk of a post-war depression. They believe if proper organization is effected, if the people buy war bonds, if they deny themselves luxuries, it will be possible to have an era of expanding standards of living after the war.

The women of America are taking heavy responsibilities in the government and industry in order to bring some direction to the adjustment period following the war.

From the senate to the kitchen, women are working in groups on peace plans. All proposals and outlines of authoritative groups are

being studied so that when peace comes, they will be prepared to help formulate the policies.

Recent events indicate that the tide has turned in favor of the United Nations; yet the most serious, the saddest and the most devastating part of the war may be the period from now until hostilities end.

Sacrifice is the first essential in winning the peace—sacrificing sons, husbands, natural resources, luxuries and even personal liberty for a time.

Sacrifice now means that the war will end sooner and that we shall have more of our natural resources when peace comes, when it will be necessary to rehabilitate the entire world.

The greatest problem before the women in 1943, now that they are part of the manpower of the country, part of the military forces, is to become acquainted with world wide problems and keep themselves informed on the military, psychological and political issues of the world.

Banghart Is To Go To Alcatraz

Tough Guy Of Touhy Gang Goes To San Francisco; Others In Solitary

(International News Service)

CHICAGO, Jan. 4.—Basil "The Owl" Banghart, tough guy of the Roger "Terrible" Touhy gang, is to be sent to the federal prison at Alcatraz Island in San Francisco Bay, it was disclosed on Saturday.

Banghart was arrested by FBI agents last Tuesday in a roundup of six convicts who fled the Stateville, Ill., penitentiary with Touhy October 9. Two of the escaped felons were shot.

Touhy, Edward Darlak and William Stewart were returned from federal custody to Stateville authorities to begin 21-day solitary confinement terms, but Banghart was turned over to U. S. Marshal William H. McDonnell.

Matthew Nelson, first of the fugitive outlaws to be apprehended, was taken back to Stateville from Minneapolis where he was picked up and questioned. He was accompanied by Warden Joseph E. Ragen, of Stateville, and T. P. Sullivan, state director of public safety.

Banghart was lodged in Cook county jail to await a trip to Alcatraz in two or three days. He is under a federal sentence of 36 years for participation in a \$100,000 mail robbery at Charlotte, N. C.

Boos and jeers from other prisoners greeted Touhy as he was led back to the Stateville prison. Stateville inmates had read how the supposedly hard-boiled Touhy was captured without the firing of a shot in a Chicago apartment and how he was clad in red silk pajamas.

The World and the Mud Puddles

(Continued From Page Four)

our memories. It is not relieved or softened by charges of viciousness and treachery on the part of Japan.

What happened that morning is not minimized or rectified by the fact that we recovered from the blow. That we have recovered is no credit to the man or men responsible for what happened that morning. We have recovered because we are a nation of tremendous resources, strength, genius, skill and spirit.

Maybe it took something of that kind to shake us out of our muddling complacency, for our tinkering with the best form of government ever known to man, for our trifling with human virtues involving our entire self-respect, and even assuming supremacy over the power and might of higher spiritual values.

We were a blustering, boastful, self-contented lot up to the day the Japs all but wrecked our Pearl Harbor. "It couldn't happen here. We had a powerful Navy, daring airmen, and a scrapping Army. Nobody wanted any truck with them. Besides, we were a peaceable people. War was wicked. We might sell warring nations the implements of battle, but further than that we were not interested."

The people were promoted and gozped into this mood and attitude by the Government, and I mean by the Government, those in control, those in the know, those whose responsibility it is to know what is going on in the world.

"Remember Pearl Harbor!" What would be better remembered is how we were so tragically deceived for years through ignorance or willfulness, neither of which is excusable or explainable. This may also be an example of treachery, far more despicable than coming from an enemy.

If we care to Remember something that should add strength to our bone and sinew, why not Remember how our Constitutional Government is being emasculated and torn to tatters by those who are sworn to protect, defend and preserve it—all in the name of war necessity.

Why not remember that sacred Social Gains are being held inviolate, war or no war, and that we are still having Strikes in war plants.

Why not Remember that our industrialists, railways, mass of workers and civilians are forging ahead in our production despite meddling bureaucracy and that those plants least annoyed by government are far exceeding production expectations.

Why not Remember that while we should be concentrating on war, the President is urging and insisting on a reluctant Congress that it fix a ceiling on all salaries at \$25,000 a year, and Congress refusing, the President instructing Justice Byrnes, his economic bureaucrat, to go ahead and do it anyhow.

If there is any one thing that would put the finishing touch, the kiss of death, on the American system of doing business, this is it. The Communist Party evidently thought the same. Its Party platform for 1928 contained an identical recommendation, following up with this comment:

"The Communist Party of America declares itself the deadly enemy of Capitalism. It has as its aim the overthrow of Capitalism, and the establishment of a workers' and farmers' government and communal society. It recommends no salary in excess of \$25,000 a year."

While you are remembering Pearl Harbor, keep one eye on America.

CHICAGO HAS MORE BIRTHS, BUT FEWER MARRIAGES IN '42

(International News Service)

CHICAGO, Jan. 4.—Fewer marriages but more births occurred in Chicago during 1942 than a year ago, officials reported Saturday.

The 1942 birth figure was approximately 64,500 or 7,000 more than in 1941, but about 2,500 below the 1922 record, it was said.

Estimates were that marriage licenses for 1942 would total 46,000 compared with the "world's record" of 48,317 in 1941.

dates back to long before the first war. There wasn't any sociability between them.

They got along with ME, though—Turks and Japs and all sorts of them.

Germans?—that's different. But German-Americans?

Well, who is North African boss of the United Nations' forces in his territory against the Axis? General Eisenhower. Who's the anti-Axis supplier of Allied supplies against German activities? Why, General Eberstadt.

It seems obvious that a truly Americanized German-American is O. K. even if his name starts with "Elsen" or ends up with "stadt".

There even are some decent Japanese.

I know one who, directly following Pearl Harbor, did his best to volunteer as a doughboy. They did not accept him and I don't exactly know why not. Probably there was some physical count against him, for he was too obviously a pro-Yankee enthusiast to be suspect.

As to good patriotic Italians—we've got oodles of them.

The Great Game Of Politics

(Continued From Page Four)

and fortunate thing, indeed, but it is premature to rejoice now. The uncertain elements in the situation are the character of the Republican policies and the quality of the Republican leadership. Until these have developed sufficiently to judge no one can be sure that the change is beneficial. All we know is that the Republicans, more compact as a party than the Democrats, split into two factions, are in position to enact or reject every controversial legislative proposal that comes up at this session.

THE VITAL question is how the Republicans will use this power. The answer largely hinges upon two men—Senator Charles McNary, of Oregon, in the Senate, and Representative Joseph Martin, in the House. These are the official Republican leaders. They are both exceedingly astute and practical politicians. Whether they are wise remains to be seen. There is no danger that the Republicans in this session will fail to support the President in the prosecution of the war abroad. And there is no danger that the blight for isolationism will tinge the party's policies. There are one or two confirmed and irreconcilable isolationists on the Republican side in Congress, but there are just as many on the Democratic side. The bulk of the Republicans, as the bulk of the Democrats, are now anti-isolation, pledged not only to the President's war policies but to some form of international cooperation after the war.

WHERE THE danger lies is in the Republican attitude toward the home front—how it, as a party, is going to line up on domestic issues. Undoubtedly, the temptation for men with their eyes and hopes centered upon the 1944 election, will be to conciliate and placate the two great lobbies, which have more influence in Congress and supposedly can deliver more votes than all others combined—to wit, the labor lobby and the farm lobby. If they yield to this temptation the Messrs. McNary and Martin will forfeit the respect of many who look to them for a more enlightened and patriotic leadership. Further, they will justify the charge that their party lacks the character to run the country. In addition, they will deprive the Republicans of their chance to commend themselves to the country as a whole instead of to special classes, which may or may not be grateful on election day.

IF THEY yield to the farm lobby, they will nullify the Administration efforts to avert inflation and precipitate a disastrous rise in prices. And if they yield to the labor lobby, they will lose the opportunity to ameliorate the evils and injustices of existing labor legislation from correction of which, despite strong public sentiment, the Administration still shrinks and which the President used his influence in the last session to prevent. Aside from these, there are plenty of vulnerable spots in the Administration handling of the domestic problems created by the war. It has made a mess of the manpower problem, the price-control problem, the tax problem. It still remains in high positions incompetent and inexperienced men. It still is inexcusably wasting the people's money on useless agencies, such as the Office of Government Reports—and in other ways.

ALONG all these lines—and others—the Republican party can attack with benefit to its own prospects and what is more important, with benefit to the nation and the war effort. But if it is going to sacrifice the national interests by supine acquiescence in the demands of these professional lobby leaders, it will brand itself as a party without principle, willing to do anything that seems politically expedient. At the moment, Mr. Roosevelt continues to stand firmly against the farm lobby's opposition to any restriction on farm product prices—and he is making at least an attempt, belated though it be to hold a ceiling over wages.

Clearly he is entitled to support on both. It might be beneficial if were prodded as well as supported. But if the Republican leaders think to win national favor by taking the lobby side on these questions, they will be making a mistake. The smart politics for them is to back Mr. Roosevelt when he goes in the right direction. If they fail to do that, then their criticism of the Administration's obvious misdeeds and mistakes will lose force and effort.

Ladies Committee To Start Work On New Soldiers' Kit

Meeting Is Called For Tuesday Evening In Neshannock Post Rooms

At meeting of the Service Men's Aid Association, called for Tuesday evening at 7:30 o'clock in the rooms of Neshannock Post, V. F. W., on East Washington street, a special invitation has been issued to the ladies organizations who have been making shoe kits for the men from the district entering the service.

A new type of kit is now being made and samples will be distributed at this time, together with materials for making the same. Miss Evelyn Marshall, chairlady of the kit committee, states that the reserve supply of kits is almost exhausted and it will be necessary for all units to get started on the new type at once. The committee meets each first and third Tuesday in the V. F. W. rooms at 126 East Washington street.

The ladies of Neshannock post sewing unit have changed their meeting dates from Monday night to Wednesday night, and anyone who likes to sew is invited to attend and help.

Army Shoe Fitting Is Difficult Problem

SOMEWHERE IN AUSTRALIA—Problem children for the quartermaster are the doughboys with feet which don't fit into standard size boots—those with long narrow feet who take a special size 14, or whose "dons" run to width instead of length.

The American Army places considerable importance on the foot comforts of its soldiers, and it was obvious something would have to be done when these doughboys wore the boots made for them in the United States.

Something was. Since special lasts could not be made easily in Australia, an order was sent home, and the odd assortment of boots arrived in a few weeks—before the doughboys now wearing them had time to develop corns.

REV. FAIVRE, BRIDE WILL RETURN TUESDAY

Rev. and Mrs. Lawrence P. Faivre, nee Mary Sankey, are on a northern wedding trip, following their marriage which took place on Thursday evening, December 31. Upon their return January 5, will be "at home" to friends in the United Presbyterian manse at Plaingrove.

The formal ceremony was solemnized at 2:30 o'clock in the United Presbyterian church of Plaingrove of which Rev. Faivre is pastor. The vows were exchanged in the presence of two hundred guests, with the Rev. A. S. Flemming, pastor of the Slippery Rock U. P. church, officiating. He was assisted by Rev. E. T. Tuten, pastor of the Plaingrove Presbyterian church. The double ring service was used.

The bride, daughter of Mrs. Ina Sankey, of 314 North Maine street, Slippery Rock, Pa., had as maid of honor, Miss Alberta Singulov of Harmony. The bridesmaid, Singulov, Mrs. Violetta Faivre of Conneaut Lake, had as best man, Rev. Charles Reynolds, pastor of the Elderston U. P. church, a seminary friend. Usherettes were members of the bride's Sunday School class and included Misses Louella Peebles, Jane Brown, Evelyn Maxwell, Thelma Stoughton and Helen McNulty.

Mrs. Faivre is a graduate of Slippery Rock State Teachers College and formerly taught music. Rev. Faivre is a graduate of Grove City High School, Grove City College and Pittsburgh Xenia Theological Seminary.

Dies Committee To Continue Probe Of Unamerican Element

(International News Service)

WASHINGTON, Jan. 4.—Members of the Dies committee today disclosed that they will seek continuation of their investigation into un-American activities as they laid before the new Congress a year-end report disclosing that the committee's voluminous files have played an important part in the war effort.

The report stated that since Pearl Harbor the committee has received 138,807 requests from various government agencies for information on individuals under investigation for subversive influences. At the same time, the committee charged that high government officials, including Attorney General Francis Biddle and Price Administrator Leon Henderson "did not carry out the mandate of Congress" a year ago when the Senate and House jointly directed a thorough house-cleaning of government employees connected with subversive organizations.

One member of the eight-man committee, Rep. Voorhis (D., Calif.), filed a minority report protesting that the committee had failed to build a "united Democratic sentiment" against Axis propaganda. Voorhis also criticized the other members for failure to adopt a special report on "activities favorable to the Axis cause" which he said he had prepared at the request of Chairman Dies (D., Tex.), during 1942.

Voorhis said the majority report was issued on a "take it or leave it" basis with "no opportunity for discussion or amendment."

Mrs. Amy Wink, of East Washington street, has received word that Mrs. Grif Davies, of Los Angeles, California formerly of Mercer street, this city is quite ill at the hospital, in that city.

Edward Parkinson, of 8 South Front street, was treated at the Jameson Memorial hospital Sunday for injuries to a finger, received at his work when his hand was struck by a falling stone.

Miss Josephine Peluso, daughter of Mr. and Mrs. John Peluso, 1514 Highland avenue, student nurse of the New Castle hospital, is enrolled for an advance training course in St. Francis hospital, Pittsburgh.

David and Donald Ferguson left this morning to resume their studies at Muskingum college, New Concord, O. after spending the holidays at their parents, Dr. and Mrs. D. L. Ferguson, Sheridan avenue.

Mrs. Harold Shuler of Butler avenue has returned sufficiently to return home from the Jameson Memorial hospital, where she has been a patient for several weeks, but will be confined to her home for some time.

Mrs. Joseph Letz and son, Joseph Ernest, of Winslow avenue were visitors with her mother, Mrs. E. L. Grandis of Franklin, Pa. for the holidays. Mrs. Letz returned home soon but Joseph continued his visit and returned home Sunday.

Mrs. W. R. Phillips and daughter Gloria Ann of Youngstown, O. and formerly of New Castle, have returned home following a months stay with her daughter, and son-in-law Mr. and Mrs. Charles Bullis of Buffalo, N. Y. who recently purchased a new home there.

Fred R. Finch, of 220 Fairmont avenue, a compositor at The News, is undergoing treatment in the Jameson Memorial hospital for kidney stones, having been taken ill over the week end. His condition today was reported good and he will probably be able to leave the hospital today.

Sergeant and Mrs. S. E. Wray have returned to Jacksonville, Fla. where Sergeant Wray is stationed, after spending the Christmas and New Year holidays visiting here with their parents, Mrs. Ralph C. McGoun, of Centennial street, and Mr. and Mrs. William J. Wray, of Sumner avenue.

Contempt Sentences Ordered Set Aside

(International News Service)

WASHINGTON, Jan. 4.—The supreme court today set aside contempt sentences against Thomas J. Pendergast, Kansas City, political "boss," Robert E. O'Malley, former superintendent of insurance of Missouri, and A. L. McCormack, St. Louis insurance agent, on the ground that prosecution was barred by the statute of limitations.

The high court, in a 6 to 1 decision, failed to rule whether the filing of a bill of indictment for contempt was a bar to prosecution, actually was contempt. This brought a dissent and a protest from Justice Jackson.

Shipyard Strikes Ended By Roosevelt

Blistering Telegrams To Labor Agents At San Francisco Cause Temporary Return

(International News Service)
SAN FRANCISCO, Jan. 4.—President Roosevelt has intervened to halt, at least temporarily, a series of weekend work stoppages by a-chinists in a number of San Francisco Bay area shipyards. It was revealed today by three union bosses.

The intervention came in the form of blistering telegrams from the White House to Harry Hook and E. P. Dillon, business agents of San Francisco local No. 68, AFL machinists union, and James P. Smith, executive of the CIO machinists local No. 1304 in Oakland.

Admitting they had received the telegrams, the three men declined to reveal their wording. They added: "Our men are back at work."

"But the matter isn't settled yet by any means," Hook said stormily. "It's just settled temporarily, and that's all I've got to say."

The presidential action followed orders by the CIO union directing their machinists not to report for work on two Sundays at the Moore and General shipyards in the East Bay district and at several smaller yards at the south end of the bay.

Samuels Urges Care In Walking

Motorists Handicapped With
Dim Lights In Blackouts
—Care Is Needed

Long hours of winter darkness, combined with staggered hours and more people working night shifts, has brought a great increase in traffic hazards to pedestrians, Alec Samuels, President of the New Castle Motor Club pointed out today. "It is not only dark and evening hours that are dangerous; early morning periods before full daylight also take a heavy toll of pedestrian lives," he said. "The dark hours have always been much more dangerous for the pedestrian than daylight, but with more people going to and from work at night or in the early morning hours, the number of traffic deaths and serious injuries will take a decided jump unless everyone exercises particular care in observing rules for safe walking at night."

Caution Pedestrians

The AAA official cautioned against pedestrians believing that they can be easily seen by drivers merely because they themselves can see the car. "This is the reverse of the old ostrich story," he said. "Even if you could read a newspaper by the light of an approaching car, the driver might not be able to see you unless you were silhouetted against something light or wore light colored clothing. Pedestrians at night should wear or carry something white which can be seen by drivers at some distance."

The AAA warning emphasized the increased hazard to those afoot during blackouts or dimouts and urged everyone whose duties take him on the streets during such times to wear as much white clothing as possible.

"Some sort of white puttee, or even white handkerchiefs tied around the ankles would be very valuable and might prevent injury or save life when automobile headlights beams are depressed or masked out for blackout driving. The rays from the headlights are confined to those pointing at the ground directly in front of the car. Consequently, white below the knees is a 'must' under such conditions."

Your Federal Income Tax

NO. 1 WHAT IS INCOME TAX?

The Federal income tax is, as the name implies, a tax levied upon incomes, and is payable in relation to the amount of income. Income for Federal income tax purposes, means in general any compensation for one's services, whether the compensation be in money or in goods or other services; it includes also the net value received for the product of one's labor, as farm produce in the case of a farmer; income from investments; profit from business operations; and other gains from sales and exchanges of goods and property. Certain limited categories of income are, however, tax exempt, and to the extent of such exemption are excluded in computing the tax.

Because of exemptions from the tax given to persons having less than certain stated amounts of income, as well as because of various deductions and credits allowable, only a small proportion of the number of persons receiving income have until recently been subject to the tax. Thus, of the estimated 55 million persons in this country who received income in one form or another during the calendar year 1941, only some 26 million were required to file Federal income tax returns for that year, while of these same 26 million, more than nine million were not taxable due to credits and deductions allowable.

As a result of the lowering of exemptions, many more persons are now subject to the Federal income tax than before, and for the calendar year 1942 it is estimated that more than 35 million persons will file Federal income tax returns. To

the large number of persons now subject to the Federal income tax, who have never reported income before for Federal tax purposes, an understanding of the law and applicable regulations is of prime importance.

An income tax return is a declaration on the part of the taxpayer of his total taxable income for the year, together with the various deductions, exemptions and credits to which he is entitled. It is in reliance upon voluntary disclosure, and the integrity of taxpayers generally, that the cost of administration of the income tax can be kept at a minimum. Though the return is a voluntary statement, any person who willfully makes a return which he does not believe to be true and correct in every material matter is subject to the penalties provided by law.

The first requirement of the law is the filing of an appropriate return. For individuals generally, this must be done by March 15 following the end of the calendar year. The return must be filed with the appropriate collector of internal revenue for the district in which is located the legal residence or principal place of business of the person making the return.

Under the present law every single person, and every married person not living with husband or wife, having a total income (earnings, together with other income) of \$500 or more, and married persons living with husband or wife throughout the taxable year, who have an aggregate income (total earnings of both husband and wife, together with other income) of \$1,200 or more, regardless of the amount of net income, must file a return.

Shipping Is Major Weakness Of Japan

(International News Service) WASHINGTON, Jan. 4.—The Board of Economic Warfare's "balance sheet" of Axis strength and weakness today described Germany as still economically formidable, and Japan definitely stronger in war materials than a year ago but with a major shipping weakness.

The BEW forecast no economic collapse for the Axis this year but said that sharply increased air attacks of Nazi-controlled Europe can materially weaken Germany's present economic position and sufficient marine can greatly lessen Japan's chance to make full use of her conquered raw materials.

Axis Passes Peak

Summarizing the European Axis position in relation to the allies, the BEW said that Germany has passed its peak production; the United Nations have not reached theirs. The United Nations can look forward to rates of production much

higher than Germany's in all classifications of implements of war, but, nevertheless, should Germany adopt a defensive policy its present economic base for the support of that type of warfare would be formidable.

Without greatly increased bombing damage or developments which would force Germany to a higher rate of military activity, as in Russia, there is no reason to expect an economic crack-up in Germany this year, BEW said.

BEW said that Italy economically is "not an asset to the Axis" but added that collapse of Italy in 1943 from economic causes cannot be expected.

Regarding Japan, BEW said that country has not reached peak production, possesses raw materials for a greatly expanded economy, but has neither the shipping nor the processing capacity to fully utilize the newly acquired raw materials and conquered manpower of southern Asia.

Urge Plan To Find New Oil Resources

House Subcommittee Stresses Need For Industrial, Military Petroleum

(International News Service) WASHINGTON, Jan. 4.—A house interstate commerce subcommittee today urged continuance of the government-sponsored plan to explore and develop new oil resources to insure critical industrial and military petroleum needs.

After an extensive investigation of the petroleum situation, the committee, headed by Rep. Lea (D. Cal.), said that "The zenith of our capacity to meet requirements from domestic production has been passed" and warned that "We have the choice of increasing our production or decreasing our military plans to conform to our oil supplies."

The committee said that present

war plans may require the consumption of 1,000,000 barrels a day more than are now being consumed for all purposes in the United States, foreign oil, the report said, will eventually supplement U. S. products "But not in quantities that now seem necessary within a period of 12 months ahead."

The report said that the war effort is "Only well started in its demands upon our oil supplies," and "Though encouraged to hope for an earlier termination of the war, it would be unsafe to make plans which do not contemplate its continuance for two years to come."

So important are new oil reserves, the report said, that "necessary incentives to accomplish them must be established." Prices must be set, the report asserted, so as to permit producers a fair margin of profit. Ceiling prices below the cost of production must be raised and the price stabilized by taxes.

All Service Men To Get Tax Blanks

Although Not Required To File Income Tax Returns Until After War

(International News Service) WASHINGTON, Jan. 4.—America's soldiers fighting all over the globe will get their 1942 income tax blanks, the treasury announced Saturday.

In revealing that 180,000,000 tax forms have been printed and are now being distributed, Commissioner of Internal Revenue Guy T. Helvering today said America's expeditionary forces will also get the forms.

Although soldiers do not have to file income tax returns until after the war, Helvering predicted "many fighters would prefer to file their returns at the usual time."

Both army and navy requisitioned forms for men and women in service overseas. The navy asked that forms be sent to shore stations throughout the country for transshipment for personnel at sea.

In two instances, Helvering reported, army commanders in foreign war zones, asked for and received permission to use their own resources, to produce enough forms to meet the needs of their men.

The people at home who have paid income taxes in past years, he said, will receive the forms for 1942 income through the mails. Others may get blanks at their places of employment.

POETRY GROUP TO MEET TUESDAY

Members of the Poetry Group will meet Tuesday evening, January 5 at 8 o'clock in the public library.

Seventy Newspapers In State Increase Prices Due To War

(International News Service) HARRISBURG, Jan. 4.—The Pennsylvania Newspaper Publishers' Association reported today that increased costs of operating newspapers under war-time economy prompted 70 out of the 133 daily newspapers in Pennsylvania to boost subscription rates in 1942 without "lasting losses in circulation."

Increased taxes, mounting expenses of gathering news on the world's battle fronts, high cable and telegraph rates, increased payrolls and new expenses caused by rigid restrictions were cited by the P. N. P. A. for the price increases.

The report added that "further increases in the subscription rates of Pennsylvania newspapers are expected to bring them in line with others throughout the country."

The P. N. P. A. stated that a survey of daily papers throughout the nation disclosed that 806 out of 1777 newspapers were retailing papers at five cents a copy.

REPAIRING HOLES

It was reported today at the city department of engineers that a plumbing concern is filling one hole in Moravia street, which is said to be a state highway and the city is repairing a depression where rails were relocated in Moravia street near the Pennsylvania Engineering works.

Hospitals Are On Approved List

Report Is Made For Year By American College Of Surgeons On Institutions

Continuing their high standard of many years, the Jameson Memorial and New Castle hospitals have again been approved by the American College of Surgeons. The announcement was made by Dr. Irvin Abell of Louisville, Kentucky, Chairman of the Board of Regents following the 25th annual meeting of the board in Chicago.

Approval by the American College of Surgeons signifies that the hospitals are conforming to the high standards set by the college. The requirements are strict but year after year the two local hospitals have conformed to them. The Ellwood City Hospital is given provisional approval which means that the hospital has accepted and is endeavoring to meet the requirements but for acceptable reasons have not been able to do so in every detail.

Other hospitals in this district that were approved include the Christian H. Buhl hospital in Sharon, the Providence Hospital in Beaver Falls, the Butler County Memorial Hospital in Butler, the Rochester General Hospital in Rochester and the Beaver Valley General Hospital in New Brighton.

Make Survey Of Nurses In State

State Nurses' Association Urges All Graduate Nurses To Register

Every graduate nurse in Pennsylvania, whether married or single, active or inactive, will be given an opportunity to let her government know of her willingness to serve, either in the armed forces or in a civilian capacity, when the national survey of graduate, registered nurses is launched, this month. Return postcards are being mailed to all nurses and request is made to be filled out at once and returned to Pennsylvania State Nurses' Association, 400 North Third street, Harrisburg, Pa.; no postage is required.

Nurses who do not receive a survey card should write at once to Katharine Miller, Special Agent, 400 North Third street, Harrisburg, Pa., to request one.

It is essential that every nurse fill out a survey card at once. In no other way can she more effectively demonstrate her willingness to serve her country to the utmost of her capacity, officers of the Pennsylvania State Nurses' Association state.

Crop And Feed Loans Available

Farmers Can Secure Help In Purchase Of Seed And Fertilizer Now

Urging farmers to arrange now for 1943 seed and fertilizer requirements, Field Supervisor I. J. Nealon of the Emergency Crop and Feed Loan Office, Post Office Building, Butler, has announced that applications are being taken for spring crop and feed loans.

He stated that his organization, a unit of the Farm Credit Administration,

is assisting those farmers who are eligible by advancing funds for the purchase of fertilizer on loans secured by crops to be grown or seeded during the 1943 season.

"We urge farmers to purchase seed and fertilizer on a cash basis," he stated, adding that loans up to \$400 based on acreage may be obtained to finance plowing, cultivating, and harvesting operations. Loans are on a four percent interest basis and are to be paid from the proceeds of crops when sold.

For further information, those who are interested may write to Field Supervisor I. J. Nealon, Box 434, Butler, Pennsylvania.

But if the diseased would infect soldiers, why turn them loose to infect civilians? And if they can work for a living, why aren't they able to fight?

Fortress Has Envious Record

A member of an air base in the South Pacific area is looking at the nose of a Flying Fortress, appropriately named *Yankee Doodle Jr.*, which has been painted on it an imposing score of destroyed enemy craft. The silhouettes stand for a Japanese cruiser and a transport sunk by the plane's bombs. Each flag stands for a downed Zero. This is an official U. S. Army Air Force photo. (Central Press)

Corp. Harold D. Ramey of Los Angeles rides to an easy victory on his donkey, somewhere in Tunisia. These impromptu donkey races afford some recreation to the Yanks in Africa and seem quite amusing to the natives. (Central Press)

Pilot 'Supes-Up'

Pilots must reduce the amount of nitrogen in their blood by exercising while wearing oxygen masks, before they can take a P-47 Thunderbolt fighting plane into extreme altitudes. One of them is shown doing it by riding a stationary bicycle. Failure to take this precaution might result in aerobolism—the fier's equivalent of diver's bends. (Central Press)

HOME NOT WHAT IS ONCE WAS, BUT IT'S STILL HOME

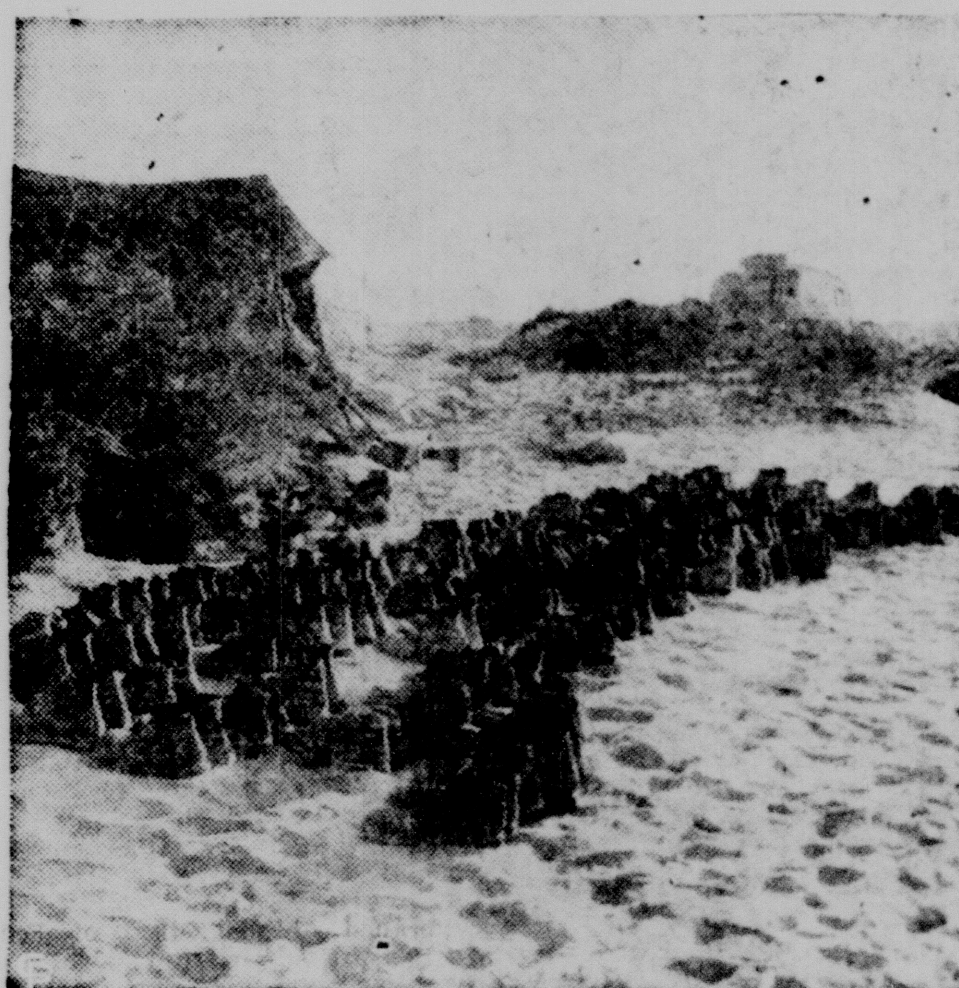

The members of this Russian family were forced to flee by the advance of the German forces into Stalingrad but when the Red Army drove the invaders back again, the family returned to the site of its home. The home was in ruins, but they settled down anyhow and are pictured, above, eating their first meal back "at home." (Central Press Phonephoto)

Nazi Driver Dies at the Wheel

This driver of a German supply truck died behind the wheel when New Zealanders overtook him in the recent rout of Marshal Rommel's Afrika Korps in the Egyptian desert. Note the bullet holes on the side of the truck commandeered by the Nazis from their Italian ally which still bears traces of the name of its former owner. (Central Press)

JEEPERS! THEY CALL 'EM CREEPERS

These rubber-soled shoes, used by Allied night patrols, are called creepers by the daring lads who wear them. Donning the noiseless footgear the patrols creep out at night to scout the enemy, cut his communications, destroy his gun positions and wreak whatever other havoc they can, ere the first faint flush of dawn calls them back to the safety of their own camp.

Chinese Go Home

China's military commission to the United States, headed by Gen. Hsiung Shih-fei, above, is preparing to return from Washington to China, its main purpose unaccomplished. The commission is disappointed in the amount of aid the United States has given China and in the fact that Gen. Hsiung did not become, as he hoped, a special adviser to Secretary of War Henry L. Stimson on the Far Eastern situation.

Motorist Marooned as Flood Hits Birmingham

Wampum Man
Killed Near Koppel

Struck By Auto While Walking
Along Road, En Route
To Work

En route to work at the Ellwood City Stone Co. about 6:30 o'clock this morning, Emanuel Wells of Wampum was killed almost instantly when struck by an automobile while walking along the highway about a mile north of Koppel.

The driver of the automobile was said to be Robert Bohlman of Koppel who also works at Ellwood City. Bohlman was reported to have been driving towards Wampum when he struck Wells as another car went by in the opposite direction.

Dr. John Jackson of Beaver Falls, coroner of Beaver county, investigated the case.

Wells' body has been removed to the Marshall funeral home in Wampum where funeral services will be conducted Wednesday afternoon at 2 o'clock. Interment will be in Clinton cemetery.

A brother-in-law, Louis Clark of Wampum, is Wells' only survivor.

Campaign Starts
For Scout Leaders

A campaign to extend the Girl Scout program to take in thousands of girls who want to be scouts but cannot because of the shortage of leaders and troops was launched nationally on January 1. It was announced today by Mrs. C. M. England, commissioner of the New Castle Girl Scout council.

It will be carried out under the slogan "A Million or More by '44." The announcement stated. At the present time there are 579,563 girls and 142,037 adults enlisted in girl scouting. Thousands of girls in all parts of the country have asked for Girl Scout membership; the president of the United States and government officials have urged that the organization bring the Girl Scout code and activities to as many girls as possible; many communities where there is no scouting have requested the establishment of local units of the organization to serve their girls. As a result of these requests, the Girl Scout national board of directors endorsed the campaign at its semi-annual meeting in New York in November.

"Because every existing council has its share of responsibility to expand the Girl Scout program, New Castle is planning to organize more Brownie troops, increase the size of existing troops in as far as possible to take in those waiting lists, and recruit new leaders Mrs. England explained.

Now that so many women are going into war industry or are taking on added responsibilities, it is increasingly difficult to maintain a steady group to give scouting wartime service to girls. The answer is many new leaders to stabilize the existing Girl Scout organization and to help it expand. Here is a volunteer war job open to any woman over eighteen years old—one of such great importance that we, who have been at war only one year, are just beginning to realize.

"War makes children restive and places them under strain. It upsets the normal course of their lives. Children need healthy recreation and comradeship to offset the effects of war. Above all, they must have sound leadership in the war work they are all so eager to do. Girl Scout leadership is a far-reaching volunteer wartime job as any woman can find. We hope that because of requests from girls themselves for girl scouting, it will bring more and more women to realize that here is a job that needs and deserves doing."

MAJORS MAY PLAY 154-GAME CARD BY STAGING TWIN BILLS IN BARGAIN BASEMENT STYLE

Fans Can Expect Double-Headers In Wholesale Lots This Season

LANDIS OFFICIALS GATHER ON TUESDAY

(International News Service)
CHICAGO, Jan. 4.—Baseball appeared to be headed for full scale bargain basement merchandising today as 16 major league club officials prepared to meet with Commissioner K. M. Landis in Chicago tomorrow to discuss spring training, the schedule and other matters pertaining thereto.

Double-headers may be tossed at the fans in wholesale lots next season if the baseball officials decide to shorten the season by two weeks in the interest of wartime economy and still retain the 154-game schedule as suggested by Will Harridge, president of the American League.

In discussing the conference called last week following a confab in Washington between Landis and Joseph B. Eastman, director of the office of defense transportation, Harridge said:

Can Play 154 games
"We can play the prescribed 154-game schedule even if we slash two weeks off the season. It simply means the addition of more scheduled double-headers. A double-header every Sunday would absorb 22 extra games. Therefore, it wouldn't be any trouble at all keeping the full schedule even if we cut two weeks off the playing time."

THIEL CANCELS CAGE SCHEDULE

(Special To The News)
GREENVILLE, Jan. 4.—Because of transportation difficulties, Thiel College has canceled its 1943 basketball schedule, it was announced over the week-end.

Thiel was slated to play Westminster at New Wilmington on January 28.

Also up for discussion tomorrow are plans for curtailing railroad travel, limiting the number of players taken on trips to 22 or fewer and shortening the schedule to 140 games.

The Athletics, Phillies and Yankees have indicated they are ready to train at home while the White Sox and the Cubs are making arrangements to train at French Lick Springs, Ind., only 275 miles from Chicago. White Sox and Cubs officials, who were scheduled to leave for the Indiana spa tonight to make the necessary arrangements for spring training postponed their trip until tomorrow night.

Meanwhile, at Columbus, O., George M. Trautman, president of the American Association, announced the club owners of his circuit would convene in Chicago Wednesday to discuss railroad travel and spring training plans for next season, possibly following the lead of the major leagues.

Dukes-Creighton To Clash Tonight

PITTSBURGH, Jan. 4.—A pair of basketball behemoths, Duquesne and Creighton, risk unbeaten marks when they battle on Bluff gymnasium, tonight at 8:15 o'clock.

The rivals each have bagged five decisions, Creighton defeating Long Island last Saturday night by a 31-30 margin.

HOUSE LEAGUE GAME
Ramblers and Falcons meet in a Y. House Basketball League game tonight at 7 o'clock. Wednesday night, the Miltons and Yankees clash.

Army Eleven Tops Navy In Bermuda

Tussle Played In "Lily" Bowl Ends 19-18; 7,000 See Struggle

(International News Service)
HAMILTON, Bermuda, Jan. 4.—Sports history was made in Bermuda yesterday when 7,000 excited football fans, witnessing the first game of American football ever played here, saw a United States Army eleven defeat a U. S. Navy team, 19 to 18.

The game, played in Bermuda's "Lily Bowl" of the Bermuda Athletic Association, had all the color usually attendant on Army-Navy games in the United States. Equally in evidence was a mule and a goat, mascots for the army and navy, respectively.

The game was won for Army when Navy, with a chance to tie the score after making its third touchdown, failed to make the point after touchdown.

Junior Cage Loop Teams Start Play

Central Presbyterians, Central Christians And Epworths Winners

Junior Church Basketball League aggregations started battling for honors Saturday night on the Y hardwood.

Headed by Shaw, who flipped 10 points, the Central Presbyterians easily setback the First Christians, 38-5.

Claude, Central Christian center, beat the Second U. P. single handed as he pocketed 11 points. The Christians won, 19-8.

The Epworths teed-off on the right side of the road. Kayoing Trinity, 35-8.

RIGHT UP

A little more than a year back Mel Ott was just an aging outfielder with the Giants. Soon thereafter he was manager. Next year he will be president as well as manager, filling in for Horace Stoneham who joins the Marines.

(International News Service)
NEW YORK, Jan. 4.—Football finally has sounded its last gasp, but positively, until next fall leaving the sports headlines about the nation almost entirely in the hands of the baseball people, who will Tuesday at Chicago to decide definitely, they hope, what they're going to do about spring training. They also would like to learn from each other what they plan to do during the coming baseball season itself.

When will they start the season; how many games will they play; what will the ball be like, and a few other such matters of more or less importance are to be discussed and disposed of with the assistance of Commissioner Kenehan M. Landis.

Has Load Of Ideas
The old judge will have an armload of new ideas for the major league owners and officials to toy with as a result of his recent visit with Joseph B. Eastman, O.D.T. director. Freely interpreted, O.D.T. means that Mr. Eastman is the man who suggests with firm conviction now far a ball team should travel away from home for spring training and how traveling space will be available next season.

So far three clubs already have picked new training sites and others have decided not to go wandering all the way to Florida or California—or even perhaps to Louisiana or Georgia. The Carolinas are being looked upon with more and more favor, although the Boston Red Sox will train at home, the Chicago Cubs and White Sox won't go any farther afield than French Lick, Ind., the New York Yankees and Brooklyn Dodgers admittedly are disposed to stay home and it looks as though the pre-season hoopla is definitely out—as it should be.

The baseball people seemed agreed on that, with the prodding of Lan-

Sports Ramblings

Monday wash:—

With the football bowls cleaned out and locked in the cupboard, baseball still months away and boxing snoring like a wolf, the sports scene now assumes its annual January peaceful mood. Basketball, which appeals to a certain clientele, prevents an otherwise blankety, blank sports sheet. . . .

The cage game, whether you like it or not, commands a lot of interest. In New York's Garden, over 268,000 saw Ned Irish's shows last year and an even larger congregation is expected this semester. So, the game has something. . . .

Locally, the sport-minded circle will cast a glance at the Section 20 salary, starting Tuesday, and New Castle's quest for the Section III coronet, beginning Friday. That's all you'll get in sports here. Everything else seems "frozen."

Service uniforms, handsomely worn by local athletes, stand out like a row of beacons along downtown streets. Corporal Ed. "Cash" Koszela, of Camp Leonard Wood, Missouri, was spotted exchanging pleasantries. . . .

Ditto for Second Class Seaman Joe Audino, the ex-Cane footballer stationed at Quilence, Washington. He'll be around until tomorrow. Sammy Calazzi, the former mad dashing Ne-Ca-Hi pigskin carrier hit town Saturday. . . .

Ensign Bob Washabaugh, a picture cover figure, is flourishing with his parents, Coach and Mrs. G. C. Washabaugh, of New Wilmington. The former Titan cager is stationed in Boston. . . .

Nickie Gennock, of the U. S. Coast Guard, Nickie Lucas, of the U. S. Navy, and Fred Shaffer, stationed at Great Lakes, Illinois, have resumed their duties. . . .

While boxing was a dead number in practically every large city, the sport boomed in New York where 42 shows were staged in The Garden alone during 1942. Figures released by National Federation of State High schools reveal that only 5 per cent of the nation's schools dropped football last year. . . .

By converting Madison Square Garden's heating plant to coal, 357,000 gallons of oil per year will be saved. Geneva College has lost one of its cage mainstays, Johnny Meyer, to Uncle Sam. . . .

dis and Washington, D. C., but they are haggling over whether to start the season, on April 13 as scheduled or later to enable the players to get into shape in the sometimes damp and frigid east and mid-west.

If they start later and close at the usual time in September, they will have to cut the schedule down to around 140 games or run in a flock of extra double-headers, or both. They are not disposed at the moment to lose in games on the schedule if this can be avoided, but they have arranged an alternate schedule anyhow, just in case.

The ball is another problem. If it gets any slower than it was last season, it will take a home run swing to lift a short foul to the catcher.

Ball "A Mushmelon"
The batting averages released for the two major leagues recently confirmed the complaints heard all last season from the players. They called it a "mushmelon ball." After a few swipes it would be lop-sided and after a few more would begin to emit the sounds of a sock filled with mud when hit. By that time you couldn't have shot it over the fence with a howitzer.

The yarn in it was reprocess stuff and will be much the same in the future, probably, only worse, with alterations on the core due to the cork and rubber shortage.

If you really want to get a hitter in a state of mind that makes him fit to be encased in a straight-jacket, just start messing around with that baseball so that his most power-laden swings produce dribbles to the pitcher. Furthermore, the fans don't like to see a free-swinging home run batter retired on a bunt. The owners know this. What they don't know, though, is what to do about it. Perhaps they will by Tuesday night.

NEW CASTLE NEWS

SECTION 20 FLOOR DERBY WILL START ON TUESDAY NIGHT

Wampum, Headed By Coy Craine, Listed As Pre-Season Favorite

BESSEMER QUINT, WILMINGTON STRONG

Gas Rationing Sure To Hit Attendance; Hot Race Predicted

While major league moguls strive to unravel a puzzling travel problem and the various bowl teams head homeward, seven Lawrence County aggregations Tuesday night begin a two-months campaign to see which quint will represent Section 20 in the Class B WPAL tournament.

Yes sir, from here in the chips are on the line. The perennial barnstorming sessions are over and the rivals, all imbued with a burning desire to nab the garland, start tramping along the wooden ways.

Inaugural Battles
N. Wilmington at Mt. Jackson Bessemer at Union Twp.
E. Brook at Shenango (Wampum) Open.

Pre-season facts and figures indicate that the chase will be the hottest in the seven or eight year history of the loop. With Wampum, New Wilmington and Bessemer equipped with powerhouses, the derby is expected to be a blanket finish.

Wampum High, paced by Coy Craine, a human scoring machine, has dropped but one clash in eight against a solid row of adversaries and is favored to cop the banner.

Thus far, Craine, who operates from center has planted 166 points. The slick Hennon-coached harvester won't see action until Friday night, entertaining Mt. Jackson High.

Wilmington Tough
Coach Johnny Eagleton's New Wilmington troupe, boasting of high scoring Kenny Cathcart, should be right on Wampum's heels. The galling Cathcart has marked up 102 points in five victorious melees. The remaining members of the quint are well-balanced in cage technique.

The "Greyhounds" make their debut tomorrow night, facing Mt. Jackson High on the Mounties court.

Bessemer, defending champion, isn't far behind Wampum and N. Wilmington. The Cement City five comes up with the same lineup that copped the banner last season.

Jack Grubisa, swift as greased lightning, plays the leading role from a guard post. Grubisa, Kreschew, Novak, Tasota and Last carry Bessemer's hopes.

Bessemer Opens At Union
Union Township, East Brook Mt. Jackson and Shenango Township, sure to inject plenty of fireworks into the marathon, are expected to follow Wampum, New Wilmington and Bessemer, not in the order named.

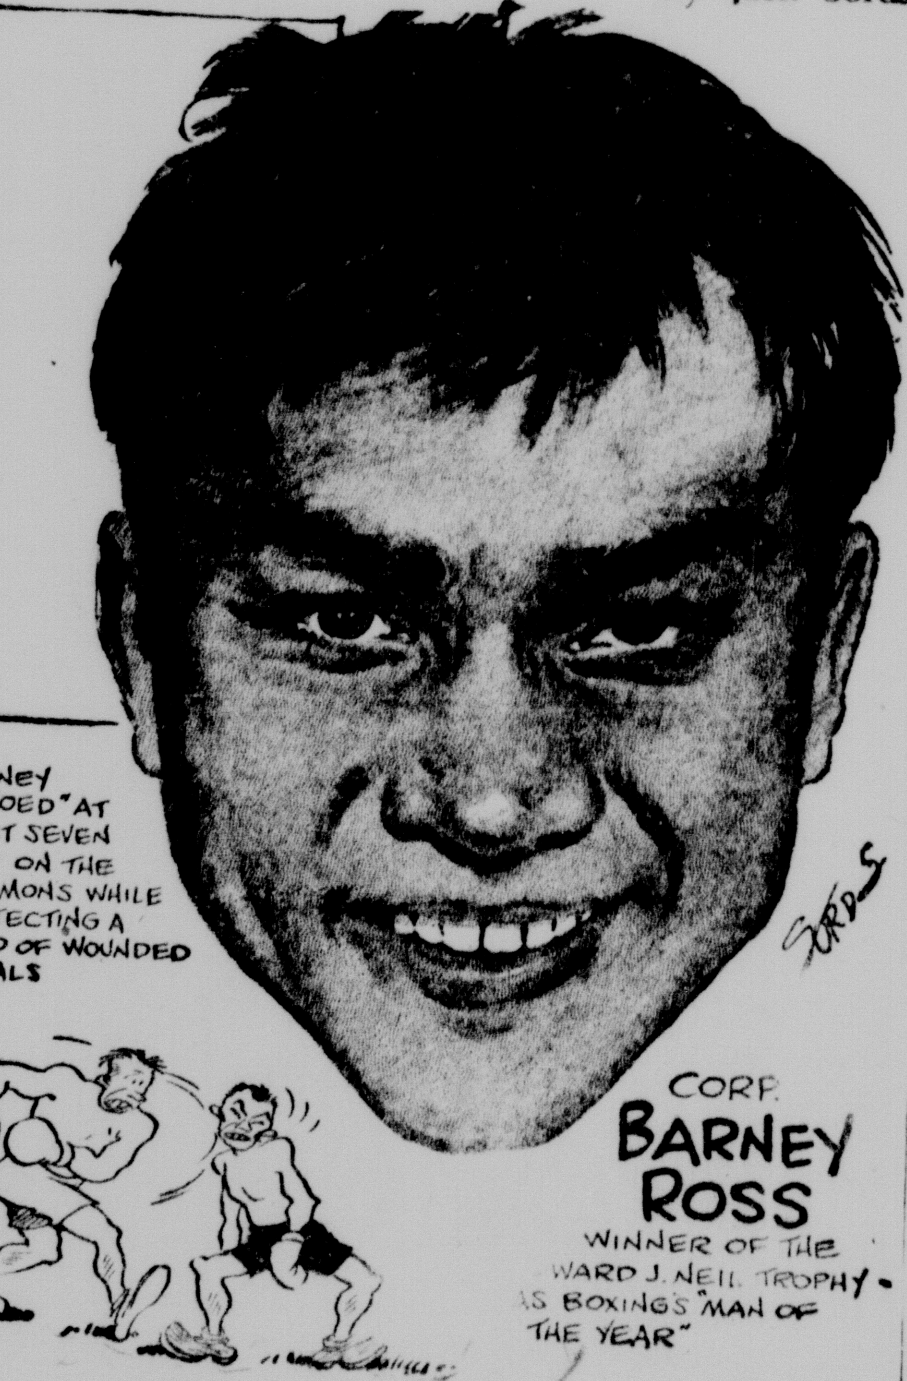

Regardless of how much excitement the seven protagonists produce, they'll play in comparative solitude. With gasoline rationing here to stay for a while, many followers of Section 20 will have to use the sports pages to know what's what.

In preparation for the Cleveland Plain Dealer's Golden Gloves tournament, Youngstown amateurs will see action tonight, January 12 and 19, and those who qualify as winners and runners-up in both open and novice divisions will appear in Cleveland, January 28, 29, February 2 and 5. The tourney in Youngstown will be handled by Tom Carney in Rayen-Wood auditorium.

Anthony Christoforidis, Greek lightweight, believes Ezzard Charles, Cincinnati's colored puncher, will defeat Jimmy Bivins of Cleveland, also colored. Thursday night in Cleveland, Charles stopped Nigro in Cincinnati. Antonio split even in two bouts with Bivins.

Max Shapiro, Boston Red Sox fan, has ordered 30 box seats for the opening game this season.

Tuffy Leemans, veteran back for the New York Giants, has decided to quit pro football. Mort Cooper who won 22 games for the Cards last season also pitched 22 complete games. One hundred outstanding stars of Big Ten teams are enlisted in the army and navy reserves.

Jack Wink, Wisconsin quarterback, intercepted many passes during the past season and during the first half season he averaged 42 yards in running them back. Spike Harding coached Miami U. the last two seasons. The Miami's won 15 and lost four. Johnny Nigro, veteran pitcher who won 15 games for the Browns last season has been turned down by the army.

Massillon high defeated Akron North in basketball 41-37.

Indiana and Purdue are basketball rivals. Indiana has lost only one star to war while Purdue lost all excepting one.

Eastern sports world mourns Christian Keener (Red) Cagle, 37, former Army All-American half-back and Joan Borican, 29, Negro track star, who died. Borican, holder of numerous world records, had wasted away from 170 to 110 pounds in the last three months. He died at Brigetown, N. J.

WEEK-END SHORTS

SANDUSKY, O., Jan. 4.—Knute Kenneth Rockie, Jr., 24-year-old son of the late Notre Dame football coach, escaped serious injuries in an automobile crash near Sandusky on Saturday. Rockie, employed in a defense plant, was driving an automobile which skidded and overturned in a ditch.

HOLLYWOOD, Jan. 4.—Georgia's great football player, Frankie Sinkwich, and Mrs. Sinkwich, have autographed a movie contract, it was disclosed over the week-end. Frank will play in a football cinema piece.

MIAMI, Jan. 4.—Dispose won the Winter Handicap feature at Tropical Saturday. Winner over Bolus by a length, the erratic Dispose paid \$9.20, \$5.30 and \$3.10. Bolus returned \$10.40 while Through Bound finished third and paid \$2.50.

NEW ORLEANS, Jan. 4.—Chances that the Sugar Bowl football game and its accompanying week of minor sports may be suspended for the duration appeared probable today.

CLEVELAND, Jan. 4.—A son was born to the Albert Minars Saturday. He is the southpaw hurler for the Cleveland Indians.

SAN FRANCISCO, Jan. 4.—By netting approximately \$65,000, the Shriners' East-West game New Year's Day established the largest cross since the game's inception back in 1925. Half of the total goes to the Shrine hospital for Crippled Children.

NEW ORLEANS, Jan. 4.—Cordon donned the \$2,500 Crescent City Handicap at Fairgrounds on Saturday. The winner, carrying top-weight of 122, nosed out Starlet. Cordon paid only \$3.20, \$2.40 and \$2.20.

'Canes Chart Plans For Section Opener Listed Friday Night

Bridenbaugh Will Shuffle Lineup In Hopes Of Getting Better Results

Their spirits up despite an ineffectual pre-season tour, New Castle's high hoopers are mapping plans for the impending Section III scramble.

The Canes begin the WPAL firing Friday night on George Washington Junior high by engaging Allegheny High. The blasting commences at 8 o'clock, following a preliminary.

New Castle has been labeled for one of the bottom spots by sectional figure flippers, due mainly to the "for fun" contests which saw the Canes lose all but one of five struggles.

Coach Bridenbaugh has been juggling around his pupils in hopes of finding a lineup that will function.

Will Shift Lineup
"I expect to spend the next few seasons shifting the boys around. Right now I can't tell you who will start Friday," Bridenbaugh replied on an inquiry regarding the varsity lineup.

John Zubkowsky, tall center, is sure to operate from his center berth. So is Burris at guard and Jacobs at forward. Razzano has shown enough to rate the other sentinel berth. Andrews forward job, however, is in jeopardy.

Alliquippi comes here with a rather strong unit perhaps not as powerful as Ambridge and Beaver Falls, pre-season favorites to succeed New Castle as Section III champs.

Local Red Cross Gives Aid During Recent High Water

Miss Marguerite Potts, Acting Executive Director, in Beaver Valley

Miss Marguerite Potts, who is here temporarily from national headquarters of the American Red Cross until a new executive secretary can be secured, was assigned to the Beaver Valley during the recent flood, and maintained headquarters in New Brighton.

The station wagon of the local chapter was also loaned to the Red Cross organization in the Beaver Valley to help out during the emergency, Chapter Chairman Ralph F. Davis stated.

Miss Potts is expected to return to her duties here today as the flood waters have subsided in that section.

Bond Drive Heads Laud County Work In December Drive

Lawrence County and four other Western Pennsylvania counties topped their Victory Loan Bond quotas in December. Clarence Stanley, president of the Union Trust Co. in Pittsburgh and head of the Victory Fund Committee in Area No. 2, revealed today.

Allegheny, Butler, Warren and Forest were the others which exceeded established goals. He said the official Lawrence quota was \$3,305,500 and the county bought \$6,161,349. Butler's quota was \$4,951,800 and residents bought \$6,009,872. Joel S. McKee, executive of the First National Bank of Lawrence County, was chairman of the Victory Fund Committee in this county.

Our "Know-How" Will Defeat Axis

American Development Never Stands Still; Germany Banished Good Chemists

(International News Service)

AKRON, Jan. 4.—American "know how" which out-distanced the Axis in peace time will ultimately defeat the Axis in war, William O'Neill, president of the General Tire & Rubber company, maintained Saturday.

O'Neill asserted in a year-end statement that know-how, which might be described as organization, the selection of the right men for the right jobs, whether those men come from our colleges, from industry, or from the rank and file of the laboring men, will spell the difference for America and the other United Nations in this conflict.

O'Neill pointed out that Germany's most successful pre-war automobile plant, Opel, was designed and managed by American General Motors men; that the best Axis airplane engine is a copy of the American Pratt & Whitney—an engine that was good five years ago.

"American development," said O'Neill, "never stands still. It is true that the Germans got a great start on us in the production of fighting planes. They did it by freezing the design of five years ago and building those planes in quantity. But wait until they see what American know-how has done in the meantime. Wait until they see what we will turn loose on them in 1943."

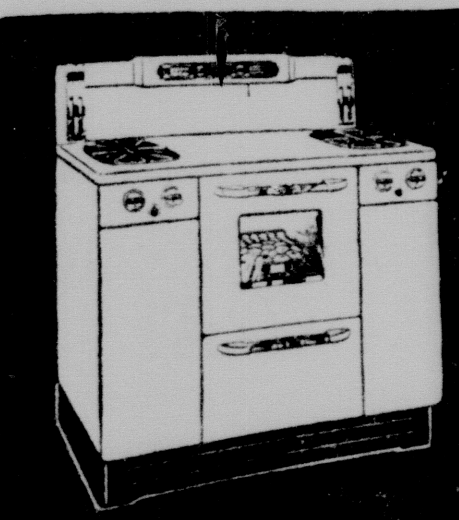

Germany also will lose this war in chemistry, O'Neill said, because Hitler banished not only Jewish, but Danish, Swedish, French and Polish chemists, many of whom have come to America to swell our output.

He attributed the Soviet successes to the fact that "the Russians have something to fight for."

"They have a country in which they have an opportunity to advance. There is no ceiling on salaries," he said.

(International News Service)
NEW YORK, Jan. 4.—The stock market rose fractions to more than a point today in a broad upswing.

American Telephone, motors and wheels and some of the rails were favorites.

American Telephone opened over a point better and then extended its rise to around two points. Gains in motors and wheels were limited to large fractions. Union Pacific jumped more than a point in rails. Other strong spots were Dow Chemical, Philip Morris, up a point each, and Radio Corp., General Electric, and National Distillers.

Active and moderately improved were coppers, mail orders, rubbers, oils and utilities.

Before Eli Whitney could secure a patent on his invention of the cotton gin, his machine was stolen and put on the market. Lawsuits in defense of his rights consumed all his profits and also \$50,000 voted him by the state of South Carolina. However, Whitney then directed his attention to the manufacture of firearms, and he was the first to effect the division of labor by which each part was made separately, and in this business he realized a fortune.

Ellwood Honor RollCeremony To Be January 12
In Front Of Municipal
Building; Plan Program

ELLWOOD CITY, Jan. 4.—Plans were formed on Saturday for the dedication program of the "Honor Roll" tablet which is being erected in front of the Municipal building.

C. W. Carbeau will be master of ceremonies for the dedication affair on Tuesday evening, January 12th. Frank Patton of the Patton Sign shop informed the dedication committee that the finishing touches, such as the lighting, special trimmings such as the panels, eagle, shrubbery and erection of the name plates would be done under a covering so that the public will not get a view of the dedication.

A special platform will be erected for the affair and special honored guests will include Army and Navy officials and officials from the WAVES and the WAACS. Also on the program will be Burgess Clyde Houk, J. W. Offutt who will present the honor roll book to the city.

Special recognition will also be given to Mrs. McCandless who has six sons serving in the armed forces and Daze McCarter who has four sons in the armed forces.

Paul Conner's band will furnish military numbers throughout the program.

Radio station WKST will broadcast the entire program which will start at 8 o'clock.

Ralph Annarumo
Dies At Hospital

ELLWOOD CITY, Jan. 4.—Ralph Annarumo, aged 52 years, of 56 Franklin avenue, passed away at the Ellwood hospital on Sunday morning at 1 o'clock after a long illness.
